

## **About the Owner**

After earning her B.S. degree in Accounting and realizing that a career in the accounting world wasn't as interesting to her as having her own company, Sharon Beason created All About Brooklyn Concierge, Inc. in 2006 and has never looked back!

Sharon was always the "go to" person for her friends and family; whether it was planning family vacations, suggesting a romantic restaurant, assisting her friends with decorating their homes, or preparing entertainment itineraries for friends' out-of-town guests. With these experiences and Sharon's great love for Brooklyn, she recognized that a business opportunity was at-hand that prompted her need to show the world that Manhattan is no longer the only "happening" place to live and be entertained. As Brooklyn has grown, so has the demand for major hotels, luxury condominiums, prominent retailers, and upscale restaurants. Sharon has tapped into this excitement and has successfully assisted busy individuals and businesses in balancing their hectic lives by offering them the very best in concierge service excellence!

Ms. Beason is a member of the Brooklyn Chamber of Commerce and the International Concierge & Errands Association; and is also Director of The Downtown Women's Club - Brooklyn Chapter.
